

<p>1 Swimmer bird whose name is Sky was flying above the Ocean when Ocean said to It: 'Create', so Sky started the creation.</p> <p>2 But work is hard to do alone, so an assistant is needed. Sky became two persons who are Great Mother and his Husband.</p> <p>3 The Mother called (Great) Mother, Her Son, so Husband called Father. And They can do different things. Mother said: 'Take up earth of deep'.</p> <p>4 Father taken up waterly earth from under Ancient Ocean. Mother turned that matery to World. Fishes are below World.</p> <p>5 Underworld is womb of the World. Air-Sky is on Earth, Centre World. Between husks of Skies live spirits. Above spirits Great Soul lives.</p> <p>6 When the Sky was becoming Two It was and is a Twin Rolling. Twin Rolling made rolling of time, time evolves the starting and end.</p>	<p>7 Starting and ending of the life and starting and end of dead life both are the rolling endlessness of time, both alone are not it.</p> <p>8 Rolling of time of death and life is adoption of life in its environment, it is the re-creation of Life and Work.</p> <p>9 Becoming better of the Work is more and more happiness of God. That more and more happiness is a better Universe, too.</p> <p>10 Adoption of the livings is a one goodness the World. But the best thing in the World is the Love, best mood of exalting.</p> <p>11 Outsiding of rolling of time the life in death is forever. It is good or bad life in death, as before reincarnation.</p> <p>12 Environment of a man's place is dangerous by the Nature, if the road or other is long. So, people need a horse to ride.</p>	<p>13 Horse can save at the bad areas transporting through snow or desert. It is a friend who can save you and showing liking of freedom.</p> <p>14 In unite of Nature, so World the creations need each other between and within the species and between and within peoples.</p> <p>15 Everything and everybody can do and create something, but when becoming of better needs, it's good wanting, doing, trying.</p> <p>16 You can see, how have to do good, but lessons exalt, too. Good soul, helpfulness, to serve and brave of fight or work, no laziness.</p> <p>17 Working is important and the helping to the ill people and the fighting for the/a truth: a few power, its full doing.</p> <p>18 Importance of helping for men is part a such law that says that everything is free thing if you don't make/do bad to others</p>	<p>19 When the Sky was becoming Two the bad powers were those powers they were not good motors to World, so those were taken out from Sky.</p> <p>20 Bad energies fallen into the Ancient Ocean and in the Ocean those became bad spirits. They have a leader, called Arman.</p> <p>21 Arman does not mean the love, so It hates evolution by love. So It says bad things about friendship and species' holding-up.</p> <p>22 Bad spirits say bad words to soul or body to make the bad things. Good spirits say good words to you, so their words are helpful to you.</p> <p>23 About bad words and the goods: be careful what is your thought and what is a bad spirit's thought and what is a good spirit's thought.</p> <p>24 Good fables teach about the good, how doing the good, those are parables, about good and bad and importance of being good.</p>
